WORK EXPERIENCE

TechMahindra – *Data Science Intern* *Jul - Sep 2021*

- Teamed with 2 people and worked on data management audit.
- Designed 2 dashboard for summarization of databases, users, transaction average and revenue year wise.
- Included 2-3 visualization graphs for revenue on dashboard.

MissionEd – *Web Development Intern* *Oct - Nov 2020*

- Worked on ReactJS project which is a e-learning portal providing online study guidance to 1000+ students.
- Implemented pricing portal to buy 15 modules including JEE, NEET, NTSE.
- Created a real time chat interface for easy 1-on-1 interaction between student and teacher.

ACHIEVEMENTS

- **1st rank in TechTatva** - a national level hackathon conducted by Manipal Institute of Technology with 800+ participants.
- Ranked among **top 10** teams in Pascathon at Pune Institute of Computer Technology with 100+ teams.

PROJECTS

BlockTrade *ReactJS, NodeJS, IPFS* *Aug- Dec 2020*

- Collaborated with 3 developers to create a blockchain based project which sought to replace banks in conducting international trade.
- The platform handles document verification, approval, transaction and 3 components of the supply chain and also covers the entire legal aspect of the trade with enhanced security.

Dermosolutions *ReactJS, Firebase* *Sep - Oct 2020*

- Teamed with 5 people to create the platform in 4 days which connects patients with dermatologists.
- System allows doctor to treat patient online and auto generated report is sent to patient after consultation.
- Tested machine learning models to identify 6 skin diseases to achieve 80% accuracy.

Laddha Agro Plast Industries *ReactJS* *May - Jun 2020*

- Created website for agro based industry in Jalgaon.
- Implemented auto email reply service for 3 different types of products using EmailJS.

EDUCATION

Pune Institute of ComputerTechnology
B.E. Computer Science
📅 2018 - 2022 GPA 9.72

Deogiri Junior College, Aurangabad
Higher Secondary (HSC)
📅 2016 - 2018 PER. 90.92%

SKILLS

- **Languages:** C++, Java, Python, Javascript
- **Web:** ReactJS, Redux, NodeJS, ExpressJS, HTML, CSS, Bootstrap, Material UI
- **Data Science:** PowerBI
- **Database:** MySQL, Firebase, MongoDB, Oracle SQL
- **Tools:** Visual Studio Code
- **VC:** Git

CO-CURRICULAR ACTIVITIES

- Core Member at PICT IEEE Student Branch (PISB).
- Member of Pictoreal Editing Team.

INTERESTS

- Web Development
- Data structure and algorithms
- Data Science

PROGRAMMING PROFILES

- Hackerrank: tejasdahad000 ⤴
- LeetCode: tejasdahad000 ⤴

CERTIFICATIONS

- IBM Data Science Professional Certificate
- The Complete Oracle SQL Certification

SOCIAL WORK

- Developed site for doctor to practice online and help patients in times of covid-19. Doctor successfully treated more than 40 patients online.
